Materialhinweis

Chemische Einflüsse, sei es durch direkten Kontakt oder durch in der Atmosphäre schwebende Stoffe und ungeeignete Reinigungsmethoden können zu einer Beschädigung der Leuchte führen! Verwenden Sie keine mäßig bis stark laugen- und säurehaltigen Stoffe und keine Lösungsmittel oder Reinigungsmittel, welche Kunststoffe angreifen.

Luminaire materials

Aggressive chemicals, in direct contact with the luminaire or in the form of airborne substances can damage the fitting. So can unsuitable cleaning agents. Do not use medium-strength or concentrated alkaline or acidic solutions nor any solvents. Do not use any cleansing agents that are aggressive on plastics.
